

**PRESS RELEASE**

## **Ride in Style with Our E-Motorbikes**

**Bali, September 2023**

Nusa Dua Beach Hotel & Spa Bali presents an exciting experience to enhance our guests' experience during their stay. We are thrilled to introduce a new chapter of exploration in elegant yet captivating e-motorbikes. Each features a stylish and vibrant design that aligns with our tropical vibes and the property's logo.

Guests must possess a valid driving license from their country to rent and operate the vehicle. Additionally, we recommend that the distance reach a maximum of 20km to avoid the battery drops on lower levels. Perfectly crafted for morning or afternoon adventures, these transportations allowing you to explore the beauty of Nusa Dua while promoting an eco-friendly environment with zero pollution.

Our electric motorbikes offer an exciting and eco-conscious way to explore. With sleek design and emission-free operation, they allow you to navigate scenic routes while minimizing your environmental footprint. Whether you're cruising through the city or enjoying the tranquil nature, we provide a convenient and responsible mode of riding.

We believe that the safety should be on top priority, each ride begins with a helmet for protection. The adorable pink helmets are available for our female guests. Whether embarking on an afternoon journey with your loved ones, family, or solo adventure, our e motorbikes cater to all types of travellers.
